Work Experience

CQL   January 2023 – December 2024
Interface Developer

- Developed custom React component libraries with TypeScript in a headless CMS.
- Leveraged Salesforce to enhance global loyalty programs and improve user engagement.
- Tailored Shopify Liquid themes using Figma designs to ensure seamless brand alignment, optimized user experience.
- Integrated Google A/B testing with Salesforce promotions, driving data-driven decision-making and customer segmentation strategies.
- Implemented XML-based solutions to automate data imports into Salesforce, streamlining operational workflows.
- Enhanced web and mobile accessibility by addressing critical ADA compliance issues in HTML and CSS3.

TaxSlayer   September 2021 – December 2022
Front End Engineer

- Resolved complex issues in React and JavaScript libraries, ensuring seamless functionality across individual and professional financial tax preparation applications.
- Modified C#, HTML/CSS, React, and JavaScript within .NET MVC applications to support annual marketing campaigns.
- Collaborated with designers to execute cohesive website and Pro software marketing campaigns using Figma assets.
- Participated in Agile methodologies, including daily standups and bi-weekly grooming sessions.

GoCollect LLC   March 2019 – April 2020
Platform Integrations Specialist

- Developed and tested API integrations using PHP's Symfony and GraphQL, ensuring robust and scalable solutions.
- Automated onboarding processes with Docker and Ansible, reducing manual effort and improving efficiency.
- Designed and implemented UI prototypes from wireframes, translating concepts into functional interfaces.
- Built an inventory application with Node.js and React, delivering a streamlined solution for inventory management.
- Authored comprehensive documentation for applications, onboarding processes, and code to support the team.

Fast Growing Trees   January 2018 – February 2019
Software Engineer

- Unified disparate PHP modules into a single cohesive system, improving maintainability and reducing complexity.
- Optimized operational costs by consolidating third-party e-commerce services, enhancing overall efficiency.
- Analyzed SQL data with PHP and styled outputs using CSS and jQuery to deliver actionable insights.
- Automated daily reporting processes using bash, JavaScript, MySQL, and MSSQL, increasing operational transparency.
- Migrated legacy assets to React with TypeScript for Shopify's platform.

Digital Derm Inc.   **November 2015 – December 2017**
Web Design and Administration

- Migrated hosting services from GoDaddy to AWS, achieving significant cost savings and improved scalability.
- Converted static HTML/CSS websites into WordPress platforms, enabling in-house web and content administration.
- Adhered to HIPAA law and guidelines for internet security measures including MFA, encryption at REST, and continuous training across administrative and corporate staff.
- Designed responsive themes to enhance SEO rankings and improve user engagement across devices.
- Implemented modern web design practices to elevate the overall user experience and site performance.

ScreenTell   **April 2016 – June 2016**
Web Developer

- Developed and deployed LAMP CMS services using PHP, Javascript, CSS, and HTML.
- Researched and integrated appropriate WordPress plugins.
- Adhered to HIPAA in web security and integrations for ScreenTell's medical services.

Omega Broadcast Group   **May 2015 – December 2015**
Web Content Administrator

- Created marketing materials, photo and video, that were disseminated to the YouTube platform.
- Managed WordPress updates, plugin proposals, and developed custom WordPress plugins in PHP.
- Participated in strategy meetings to increase customer retention and acquire partners.

Metropolitan Fine Arts and Antiques   **September 2012 – March 2015**
Office Administrator

- Photographed inventory for commercial advertisement, and international editorials and sales.
- Managed client relations (domestic/international) setting clear expectations and deliverables.
- Updated and maintained company web stock and office inventory.
- Provided archival documentation and prepared financial portfolio certifications.

Jim Hudson Automotive Group   **August 2010 – June 2012**
Internet Marketing Assistant

- Photographed, retouched and organized product image assets with Mac osX for online automotive CMS.
- Propagated sales inventory to multiple sales pipelines, providing cross-country exposure and increased sales reach..
- Created marketing materials by working closely with the marketing manager.
